

Dear *(Donor Name Here)*,

Thank you sincerely for supporting the 2009 Volleyball for the Cure event held on *(Event Date Here)*. This event was bigger than we could have imagined. It was great to see the majority of the high school students wear pink to school on the day before the event and the support at the *(Insert School Names Here)* match was incredible. Over *(insert # Here)* people attended the event and it was a sea of pink as we looked over the crowd.

Thanks to the support of the school administration, local businesses, and the community we were able to raise awareness of breast cancer and over *(insert amount here)* for the Susan G Komen for the Cure® organization. The mission of Susan G. Komen for the Cure® is to save lives and end breast cancer forever. THANKS for joining in our promise to find a cure.

We couldn't have done this without you!!!
