

# LiveGrades

Connecting Teachers, Students & Parents for Success

LiveGrades is a fully web based solution that gives teachers, students and parents 24/7 instant access to grades, assignments and a message center to monitor students' performance and to communicate from anywhere with internet access.

## Administrators

Obtain instant information and detailed school level reports.

Seamless integration with the West Virginia Education Information System.

Check on any student, anytime from anywhere! Web-based, so we store all of your data eliminating storage concerns.

## Teachers

- Easily manage grades
- Full student schedules with grades
- Robust reporting
- Seating charts
- Grades archived forever
- Grid-view grading
- Points & percentage-based grading
- Custom grading scaler & marks
- Dynamic grade value calculation
- Grade overrides
- Ability to drop lowest grade
- Allows for extra-credit assignments
- Copy assignments for time savings

## Parents

Quickly and easily login from anywhere to check on your child's progress.

Our messaging module allows for important two-way communication between teachers and parents.

Increases parental knowledge and involvement and dialog with teachers thereby increasing accountability.

## New CMS Add-on!

We also offer an easy, powerful and customizable content management system so you can present a comprehensive Internet solution.

*"I love LiveGrades...love, love, love them. When a parent calls, I can go right to their child's grades no matter where I am."*  
—Harrison County WV Teacher
